Technical Interests

Language Models and Agents

Education

2015 – 2021 January March	Ph.D. Electrical and Communication Engineering, <i>Indian Institute Of Science, Bangalore.</i> <i>Advisor: Prof. Bharadwaj Amrutur</i>
2011 – 2013 August July	M.E. Electrical and Communication Engineering, <i>Indian Institute Of Science, Bangalore.</i> <i>GPA 7.5/8 (Rank 1)</i>
2007 – 2011 September June	B.E. Electronics and Communication Engineering, <i>Sri Jayachamarajendra College of Engineering, Mysore, India.</i> <i>GPA 9.8/10 (Rank 1)</i>

Employment

2024 – now May	Research Engineer, <i>Google DeepMind, Bangalore.</i>
2021 – 2024 August May	Postdoctoral Researcher, <i>Google Research India, Bangalore.</i>
2021 – 2021 April August	Consultant, <i>ARTPark, Bangalore.</i>
2013 – 2014 August December	Technical Associate, <i>Robert Bosch Centre for Cyber-Physical Systems, Bangalore.</i>

Skills

- ML LLM pipelines in Python, annotation UI
- Web Webapps in Python (Django)
- Mobile Android libraries and apps in Java
- Gaming Indie games in C

Selected Projects

UI Grounded Instruction Following for educating Novice Users

Novice Internet Users tend to use only basic phone features like calling and messaging. UGIF shows users how to use the phone by using a large language model to transform FAQ pages to step-by-step demonstrations overlaid on the UI.

<https://github.com/google-research/google-research/tree/master/ugif>

Translating natural language instructions to code for robot manipulation

A machine translation model generates a program which queries the scene by accessing the output of the object detector and controls the robot to accomplish the specified task.

Awards and Academic Honors

- IBM Watson Student Showcase competition, 2015 (my project on predicting if a StackOverflow question is fact/opinion based was among the top 5 cognitive apps submitted to the competition).
- Visveswaraya PhD fellowship, 2015-2020 (awarded by MeitY, Government of India to PhD students in the areas of Electronics System Design and IT enabled services).
- Indian Institute Of Science Alumni Medal for academic achievement, 2013 (awarded to the first rank holder in the M.E. Microelectronics stream).
- Winner of the Cadence Design Contest, 2013 (my design was placed first among 133 entries from 45 academic institutions across India).
- Ministry of Human Resource Development Graduate research scholarship, 2011-2013.
- B.S. Keshav Kishan Memorial Endowment Medal for academic achievement, 2011 (awarded to the first rank holder in the B.E. Electronics and Communications stream).
- All India Rank 3 in GATE 2011 (Graduate Aptitude Test for Engineering is taken by over 100,000 engineering graduates in India to get into graduate schools).
- Rank 2 in K-CET 2007 (Karnataka Common Entrance Test is taken by over 40,000 high school students in the state of Karnataka to enter professional undergraduate programs).

Selected Press

- **Times Of India** (2015): "IISc researchers devise all-digital circuits." Aparajita Ray, *Times Of India*, May 18, 2015.
- **Indian Express** (2015): "Running out of smartphone battery? A new digital circuit could fix all of that." Amitabh Sinha, *Indian Express*, June 7, 2015.
- **Education Times** (2015): "The digital sous chef." Rahat Bano, *Education Times*, Jan 19, 2015.
